

RELOCATION OF OUR CHAPEL IN ST.MARTIN

*Whoever drinks the water I shall give will never thirst;
the water I shall give will become in him a spring of
water (Jn 4:14)*

*We in St. Martin, like the Samaritan woman,
are also poor and in need of living water
to quench our thirst.*

*We need a place to meet Jesus and find hope for
our lives and dignity in our service.*

*The place in which this meeting is possible,
the well where we find this living water,
is our small Chapel.*

*It is a place we love, a place where we find rest
and share with one another
how the gospels of Jesus and those of the poor are
changing our lives.*

(from "Sharing life")

Our beautiful Chapel is being relocated. And even though we feel the loss, the relocation has also offered us the opportunity to reflect on and appreciate the moments we have shared within it: the prayers, the encouragement and our love for one another.

And because you are a part of our community, we invite you to share with us in these reflections and also to concretely support us in meeting the budget of relocation which is as follows:

Foundation: Ksh. 354,000

**Furniture, Fittings & Electrical
Installation: Ksh. 260,000**

**Uprooting and relocating the structure:
Ksh 570,000**
